

Keep Cats Safe & Save Bird Lives is a coalition of organizations and individuals dedicated to celebrating the contributions cats and birds make to our lives, our environment, and our communities. Our central goal is to increase public awareness of the impact on both cats and birds of the common practice of letting cats roam unsupervised outdoors.

We could not have the same level of impact without the help of our volunteers and we appreciate your interest in being part of the team!

By volunteering you can:

- Share your passion for cats, birds, nature and the environment
- Learn and gain practical experience
- Make a difference in your community

Please review the options listed below and contact us at info@catsandbirds.ca to let us know which activity or activities interest you. The Project Manager will contact you and provide you with all the materials, resources and training you need to help **Keep Cats Safe & Save Bird Lives**.

- **Distribute brochures** to local businesses (pet stores, vets, etc) and organizations (naturalist & environmental groups, cat rescues, humane societies & SPCAs, wildlife rehabilitators) and/or encourage them to join our campaign as local partners
- **Pitch local press** to write an article about cats and birds in your area: local papers, organizational newsletters or blogs may be interested in doing a story about cats and birds, especially if you can supply them with a local angle.
- **Advocate for bylaw change** in your community
- **Host a display or give a presentation** at events, schools or clubs about the importance of keeping cats safe & saving bird lives (templates & educational activities available)
- **Organize a Catio Tour**
- **Graphic Artists** are always in demand to help us create great images such as the one above.
- **Write a guest blog** for our website about cats, birds or cats and birds
- **Assist with communications** at our Ottawa office (social media, outreach, mailings, 4-8 hrs / week)
